Our Mission

We will shine our light for all the nations to see by sharing the love of Christ with internationals residing in the Columbia area.

Our Students

During the 2009 school we served students from twenty one nations. Many were students here for college or military training. Some were visiting scholars. Many are resident aliens working in this country. Some are internationals preparing for the citizenship exam.

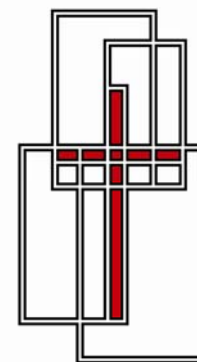

Field Trips

During the year we will take exciting trips to nearby places to learn more about American culture. These trips will be announced through our monthly newsletter.

Our History

Shandon Baptist Church has been ministering to international students since 1965. Approximately 75 students attend classes each Sunday. Our teachers and staff work strictly as volunteers.
